

# Make Your Own Rocking Whale

## You will need:

- A cereal packet
- Paint, paintbrush, pot
- Marker Pen
- Glue
- Scissors
- Messy apron
- Optional colouring pencils
- Small plate

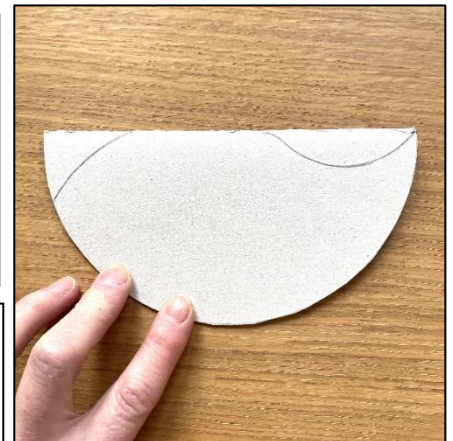

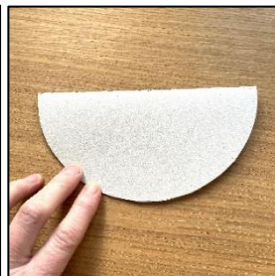

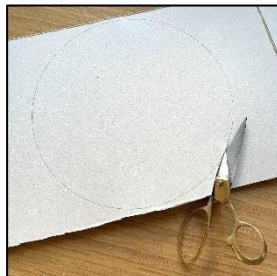

**Ask an adult to help you with the scissors and cutting out.**

**Carefully cut out the back of your cereal box.**

**Using the back of the cereal box, draw around the plate to make a circle and cut it out.**

**Fold the circle in half.**

**Mark the half circle as shown and cut out.**

**Be careful not to cut too much of the fold and save all the pieces!**

**Cut a small curve out of the extra rounded piece to make the tail fluke.**

**Paint the main whale body and the tail fluke piece. You may want to do in two colours as shown.**

**Set aside to dry.**

**Meanwhile, if you want to have a water spray as the whale in the book does, colour the fan shaped extra piece with a rainbow of colours!**

**When the whale is dry, draw a big smiley face and a friendly eye.**

**Carefully fold the very tail end of the body slightly.**

**Glue the tail fluke piece together and glue onto the folded section of the tail.**

**Cut a small hole in the top of the body and add the water spray.**

**Give your whale a tap to make it rock!**

**Now all that's left to do is to give your rocking whale a name!**

**Perhaps write a story about it or draw a picture.**
