

## Ocean Treasure

*And there, on the bottom, a ship with no crew!*

Why do you think the ship is on the bottom of the ocean? How did it get there? What do you think 'A ship with no crew' means? Where are they? What does the ship look like? Is it a sailing boat, a fishing boat or perhaps a pirate ship? Can you draw a picture?

Who do you think the crew members were? How many were there? What jobs did they do? Give them all names. What adventures have they been on and what lands have they travelled to? What sea creatures have they met? Have they seen mermaids? What treasures have they found? Can you write a story about them and their adventures or perhaps tell us why their ship is on the bottom of the sea!

*We ducked under arches, no treasure to see...*

If the whale took you on an adventure, what treasure do you think you might find? Gold? Jewels? Coins? Or perhaps a different kind of treasure. Everyone has things that are really important to them. What is important to you? What would your treasure be? Perhaps a favourite toy or a special book? Maybe a blanket or a photograph or your favourite thing to eat? It could be a person who you love very much or perhaps a pet?

Draw a picture of your treasure in the treasure chest. Perhaps you could show a friend and tell them why your treasure is special to you.
